Introducing Blueprint Career Development

Our vision is to nurture brilliance, one person at a time. We jealously guard our reputation for consistently delivering fabulous training by continuing to deliver fabulous training!

Our training is designed for:

- Personalised services and support that is second to none.
- Cultivating partnerships to create tailored solutions.
- Providing flexible, context-driven learning pathways.
- Forging strong partnerships with industry leaders to track trends and ensure students' career readiness.
- Opening doors for our team members to learn and develop, whether at work or in life, with a touch of uniqueness and simplicity!
- Actively seeking to shake up the status quo to keep our business agile and responsive.
- Enriching communities to drive positive change.

Why Choose Us

LEADERSHIP

We strive to be innovators within the training industry. We are the only RTO approved to deliver 10939NAT Certificate II in Self Awareness & Development and 11334NAT Certificate III in Personal Empowerment.

EXPERIENCE

Over 20 years honing our skills and training thousands of people means that we have the experience to offer the most comprehensive training possible. We hold Preferred Supplier status and work with some of the biggest organisations in Australia.

SPECIALISTS

As specialists in our vocational areas we are able to fully focus on delivering high quality, customised qualifications that meet industry and individual needs. We aim to be the best rather than the biggest.

GENUINE

We pursue excellence and go "over and above" to surprise and delight in everything we do. We take pride in being human, authentic and having a sense of humour. We believe in personalised service.

NATIONALLY RECOGNISED

We are proud to have been an RTO for over 20 years and have a strong reputation in the VET sector. We appreciate that our business growth has been almost entirely based on "word of mouth" so we take customer service and compliance seriously.

FOCUSED

Our VET courses are designed and delivered by industry and education specialists. Courses for teachers are developed by teachers. We specialise in contextualising qualifications so they apply directly to our clients.

Welcome from our Chief Disorganiser

As a former Home Economics and Hospitality teacher, my heart lies with providing schools with the support, expertise and resources to create a strong bridge between education and industry. This means recognising the unique skills and dedication of teachers who aspire to offer the most contemporary training for their students. It also means curating professional development opportunities for teachers and linking schools with experienced industry experts.

All of our VET in Schools programs are offered in response to what schools, teachers and students tell us. We evolve with our partner schools and as a consequence, our services are flexible, diverse and contextualised. This Program Guide will help you decide whether what we have to offer is a good fit for you.

Thank you for considering Blueprint as part of your ongoing professional commitment and lifelong learning journey. We'd love to hear from you and our team are readily available to answer any questions you may have.

Inspiring students to achieve their dreams

Blueprint Career Development presents an array of VET courses that are really treasure maps for students to uncover their strengths and embrace their full potential. Our industry-specialist trainers are passionate about helping young individuals gain a competitive edge in today's job market. They embody an enthusiastic and contagious *"If there's a will, there's a way"* attitude.

We're dedicated to providing students with opportunities to dive into hands-on adventures, discover their passion, and explore diverse paths to success. With over 20 years of expertise as a leading provider of VET in Schools programs, we'd be thrilled to partner with you to deliver full qualifications, skills sets, individual units and even specialised non-accredited training.

VET courses delivered on your timetable:

- All teaching, learning, and assessment resources provided
- Excellent work readiness program
- Flexible choices and options to customise course composition and duration
- Fun & engaging professional development
- Partnership & online delivery

VET in Schools

Vocational Education and Training in Schools (VETiS) enables students to acquire nationally recognised qualifications during senior schooling. Tailored to cultivate job-related skills, our programs ensure students are well-prepared for the world of work and enjoy their learning journey. Beyond immediate workforce readiness, VET programs open pathways for further studies, whether in the VET sector or at the university level.

How we support our partnering school teachers

 Self-marking Quizzes Providing immediate resulting for students across a variety of assessments.	 Flexible Delivery Options Delivering programs around school timetabling requirements.
 Industry Qualified Assessors Marking ALL Program Assessments Reducing a teacher's marking load, allowing them to focus on engaging and supporting students.	 All Educational Resources Are Provided Everything required in the program is provided to help support teachers in the classroom.
 Dedicated Schools Team Who provide support for school VET Coordinators, teachers and students.	 Individual Student Support Students can contact a Trainer directly through our Learning Management System for help.
 Professional Development for Teachers Providing industry currency opportunities for individuals who deliver the program.	 Wide Range of Qualification Options We deliver a variety of programs that can be customised to meet your cohorts specific needs.

Partnerships Manager, Kayne Osborne, on 1300 851 550

Inclusive learning experience

Blueprint Career Development takes pride in its commitment to inclusivity and personalised learning experiences. Our extensive collection of hands-on practical exercises and activities offered in our programs create a safe and engaging learning environment that fosters personal exploration. We recognise the diverse nature of learning styles and the importance of supporting neurodivergent paths, ensuring that every student can flourish through our tailored educational approach.

Our priority is flexibility and accessibility in learning. We are committed to delivering a positive learning experience and our Learning Management System is designed to meet the diverse needs of our students, educators, business partners, and employees.

Key features include:

- Efficient organisation and management of student cohorts by class
- Weekly progress reports that can be customised to display key information
- Track individual students' work and assessments with precision
- Access a comprehensive resource library for enriched learning materials
- Flexible student and teacher access, empowering learning anytime, anywhere

What our teachers are saying about us

“The support we have received in the first 10 weeks of Term 1 has been nothing like we have received before. The efficient email and physical support has allowed teachers to concentrate on enhancing lesson planning and providing additional support to students. The marking of assessments by Blueprint trainers is a real game-changer. Blueprint trainers come to school to assist with in-class learning and assessment, as well as attending additional hospitality functions that our school regularly runs. The teacher's professional development is invaluable!”

“Quality training & assessing resources on the reliable & reputable Axcelerate platform. The Blueprint team provides quality, professional service from initial enquiry & enrolment through to graduation. This is the go-to RTO for our school training needs. Blueprint are amazing!”

Funding Options – Career Ready Programs

The Queensland Government now offers a new suite of targeted funding to support school students and adults to access vocational education and training aligned with current and future workforce needs.

Blueprint Career Development is an **approved Skills Assure supplier** and proud to deliver training under the Career Ready suite of funding, including:

- **Career Ready** – supports Queensland secondary school students to undertake funded VET qualifications while still at school.
- **Career Start** – for young Queenslanders (aged 15–24) to start their vocational training journey post-school.
- **Career Boost** – helps adult learners (aged 25+) to reskill or upskill for career growth or transitions.

These funding programs are designed to:

- Improve access to vocational training, especially for **school students, young people, and mature-age learners**
- Support **regional, rural, and remote communities** through equitable funding access
- Enable participation in **high-priority qualifications**, such as those in **Hospitality and Sport Coaching**

Important: Funding is subject to eligibility. Some restrictions may apply based on previous qualifications or training history.

To find out whether you or your students are eligible for Career Ready, Career Start or Career Boost, contact us directly or visit:

<https://www.qld.gov.au/education/training/subsidies>

Professional development with a difference

Desk-bound learning is not our style! Our approach involves hands-on activities that are directly relevant to the real world. We invite teachers in our partner schools to participate in our engaging professional development opportunities, including:

- ★ Masterclasses with renowned chefs to create exquisite culinary delights
- ★ Working and enjoying overnight stays in luxury 5-star Hotels and Resorts
- ★ Farm to cup, immersive coffee days
- ★ Keynote presentations from leading industry professionals
- ★ Specialist workshops such as Tea Ceremonies and Wellness Days

We are firm believers that these experiences empower our school teachers with extra skills and knowledge, and perhaps more importantly, an infusion of energy and inspiration. We know that this enthusiasm is channelled back into the classroom to inspire and support students.

Catalyst for positive change

At Blueprint, we wholeheartedly embrace the spirit of community engagement and social responsibility. We regularly participate in activities dedicated to making a positive impact such as community outreach programs, corporate volunteering days, sponsorship and charity events. We contribute to organisations that share our core values, aiming to amplify their efforts and help them continue their vital work within our community.

By aligning ourselves with these organisations, we create a collective force for positive change, demonstrating our belief in the transformative power of collaboration and shared values. We build meaningful connections, foster a sense of unity and contribute to the overall well-being of the communities we serve.

Business and Workplace Skills

Our programs in Business and Workplace Skills, equip students with essential skills and knowledge for a smooth transition into the workforce.

Students will cultivate a diverse skill-set adaptable to any industry, master digital technology and hone workplace essentials such as planning, problem-solving and teamwork. These programs lay the groundwork for success in the business world and seamlessly support any workplace environment.

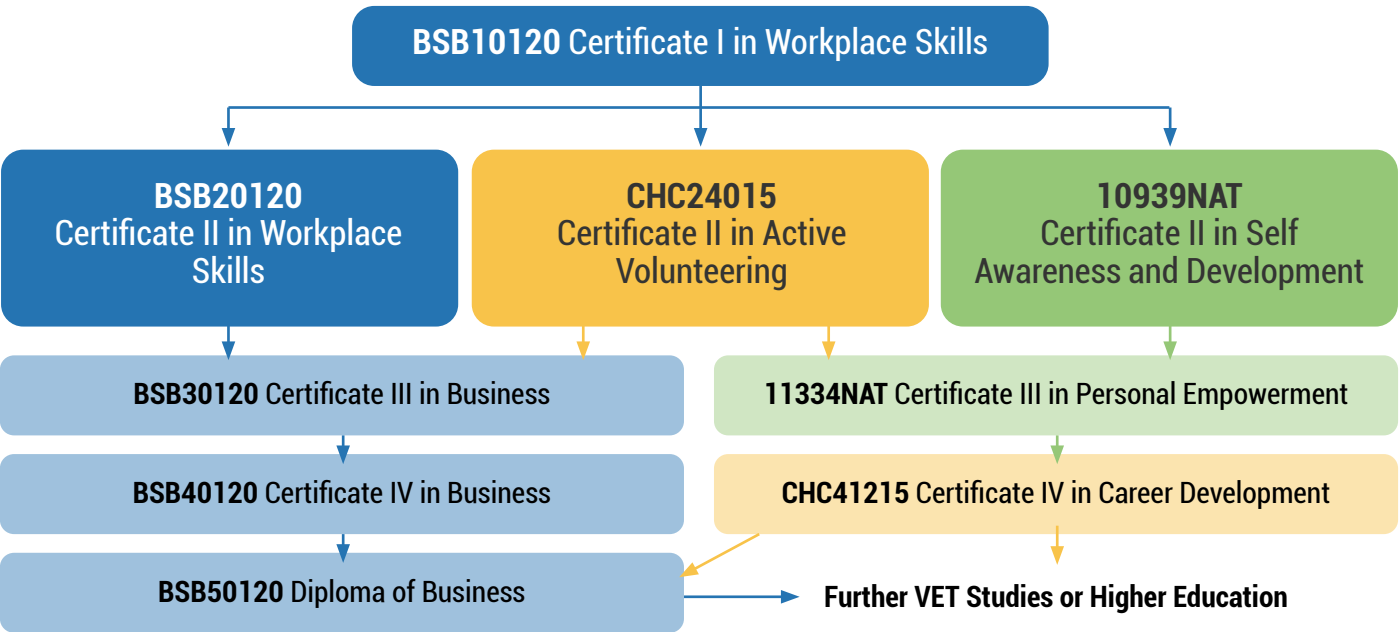

Qualification Options

- BSB10120 – Certificate I in Workplace Skills
- BSB20120 – Certificate II in Workplace Skills
- BSB30120 – Certificate III in Business

Promoting Lifelong Skills

Career Pathways

You're on the verge of unlocking a treasure trove of skills to begin the climb up your career ladder.

This qualification is crafted for school students, offering essential workplace skills for success. It aims to empower students with basic technical ability and necessary interpersonal skills, preparing them to shine in any professional setting.

Learning Zones

- Communication skills
- Efficient use of business resources
- Effective work habits
- Operation of current digital devices
- Planning & preparation
- Time management & task prioritisation
- Work readiness planning & preparation
- Workplace wellbeing & etiquette

Job Opportunities

Completing this qualification could lead to a variety of entry-level opportunities such as:

- Administrative assistant
- Customer service assistant
- Data entry clerk
- Marketing coordinator
- Office assistant

This program takes students beyond the classroom to immerse them in hands-on projects and activities that simulate real business environments and support an interactive learning experience.

This program also includes the following:

- Engage in sustainable practices and smart resource administration
- Exclusive access to our immersive learning environment – TrueBlue HQ

Standard Program Structure - 6 units in total

(maximum of 2 QCE credits available)

Units of Competency			TYPE
TERM 1	BSBCMM211	Apply communication skills	Elective
	BSBPEF201	Support personal wellbeing in the workplace	Elective
	BSBTEC101	Operate digital devices	Elective
TERM 2	BSBOPS101	Use business resources	Core
	BSBPEF101	Plan and prepare for work readiness	Core
	BSBPEF202	Plan and apply time management	Elective

This is an example delivery plan only and is subject to change to meet individual school requirements.

Study Modes

Learning modes may include classroom, online, self-paced, simulated environment and projects. Requirements for student in-class and independent learning commitments are detailed in the program's Master Training & Assessment Strategy.

Customised Learning Options

Blueprint offers a wide selection of units and those listed below can be integrated into this program to support the unique requirements of specific cohorts. Any adjustments to the core program structure may require a recalculation of the expected training duration and must be negotiated with Blueprint.

Elective units can be swapped with other elective units providing they are relevant to the work environment and qualification, AQF level and contribute to a valid, industry-supported vocational outcome.

Optional units of competency		
CHCVOL001	Be an effective volunteer
